PROFILE SUMMARY

Passionate Frontend Web Developer with a strong foundation in HTML, CSS, JavaScript, and responsive web development, focused on building modern, interactive, and high-performance user interfaces. Experienced in creating visually engaging websites with smooth animations using GSAP and implementing clean, maintainable code following industry best practices. Currently exploring Artificial Intelligence, strengthening Data Structures and Algorithms (DSA) in Java, and continuously expanding expertise in modern web technologies. Eager to contribute to innovative teams while delivering exceptional user experiences.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Flexbox, CSS Grid, DOM Manipulation, GSAP (Basics)

Tools & Technologies: Visual Studio Code, Git, GitHub, Chrome DevTools, Canva

Core Concepts: Responsive Design, Cross-Browser Compatibility, Web Performance Optimization, UI/UX Principles, Debugging, Version Control

Currently Learning: React.js, Data Structures & Algorithms (Java), Artificial Intelligence Fundamentals

PROJECTS

Modern AI Agency Website (Inspired by Lazarev)

Tech Stack: HTML5, CSS3, JavaScript, GSAP

Developed a premium, fully responsive AI agency website inspired by modern digital agency designs with a strong focus on UI/UX.

Implemented smooth page transitions, scroll-triggered animations, hover effects, and engaging interactions using GSAP.

Optimized layouts for desktop, tablet, and mobile devices using responsive design techniques.

Built reusable and well-structured components following clean coding practices for improved maintainability.

Enhanced user engagement through animation-driven storytelling, interactive sections, and modern visual design.

Coffee Shop Website

Tech Stack: HTML5, CSS3, JavaScript

Designed and developed a responsive coffee shop website featuring an intuitive and visually appealing interface.

Created interactive navigation, animated sections, and dynamic user interactions using JavaScript.

Applied semantic HTML, modern CSS layouts, and responsive design principles to ensure cross-device compatibility.

Improved website usability by optimizing layout structure, accessibility, and overall user experience.

EDUCATION

Bachelor of Computer Applications (BCA)

Dr. Ram Manohar Lohia Avadh University, Ayodhya

Expected Graduation: 2027

SOFT SKILLS

Problem Solving • Communication • Team Collaboration • Adaptability • Time Management • Attention to Detail • Quick Learner • Continuous Learning • Creativity
